

Melika
COMMERCIAL GROUP

Company Overview

Having large farms and considerable experience in the field, Melika Trading Company started operating in the field of production and export of dried nuts years ago. Using the most advanced machinery and employing committed experts, the company produces high quality products and through gaining customer satisfaction, the company has been ranked the best producer and exporter in the Middle East. As our customers' health is important to us, all our products are evaluated in advanced labs so we can ensure the products' quality. We hope to become one of the leading producers and exporters in the field relying on our valuable and extensive experience.

Business Description

Due to being nutritious and having great taste, nuts have been really popular with people from the past to the present. Diversity, as well as nutrients in nuts, have caused many countries to enter the production, export, and import of this category of products. China, Morocco, India, Germany, the US, and Great Britain are respectively the major importers of nuts in the world. Due to having fair weather as well as being in a suitable geographical location, the Middle East has great potential for growing agricultural products. Melika Trading company is among the major producers in the field and has employed experts and uses up-to-date knowledge. The company is among the main producers and exporters in the Middle East and intends to go up to better positions in international markets.

Business Description

Increasing production, diversifying the products, and becoming the best producer of nuts in the world are among the visions held by Melika Trading Company. Moreover, we have set some values for the company as follows:

- Protecting the environment
- Observing world-class standards
- Offering high-quality organic products
- Having respect for the customers and observing their rights

Mission and Targets

The main goal Melika Trading Company follows is gaining and maintaining the satisfaction of customers and producing high-quality nuts according to world-class standards. We intend to become a pioneer in international markets alongside maintaining the Middle East market. To do so and according to the vision plan, some goals have been set as follows:

- Fostering sustainable cooperation with commercial partners
- Keeping machinery up-to-date
- Offering diverse products to fully satisfy the customers' preferences
- Continual supervision on all the stages of production to ensure the quality of products
- Increasing the company's share of international markets
- Holding training workshops to improve the efficiency of the company's staff
- Having all the international certificates
- Improving the quality and quantity of products

Message from the CEO

The degree of the customers' satisfaction with products and services is the most important factor in determining the position of a trading company. Therefore, Melika Trading Company always strives to gain the satisfaction of customers considering its potential through improving the quality and diversifying the products. Offering hygienic products to ensure the health of our customers is the most important principle the company has and all of the company's employees are bound to make every effort regarding this principle. Being among the first three producers in the foreseeable future is among the most important goals Melika Trading Company follows and all of our staff are bound to make every effort to make this goal come true.
